Kelly,

Please provide technical assistance to EPA Region 1 in accordance with Work Plan Task 2 for the following permit support tasks for Merrimack Station regarding developing responses to comments received for Merrimack Station's Draft NPDES permit public notice:

- 1) Technical assistance in developing responses to comments related to **secondary environmental factors** associated with the requirement for closed cycle cooling at Merrimack Station.
- 2) Technical assistance in developing responses to comments provided by EPA related to **biological analysis** that involve interpretations of statistical data and analyses, and sampling methodology related to 316 (a) and 316 (b) portions of Merrimack Station's draft NPDES permit.

Please see the attached documents for more detailed information regarding these comments.

Region 1 will follow up with the specific comments for item 2 here.
